Derived from Elemental Sulphur, Iron Oxide and Zinc Oxide.

RECOMMENDATIONS: For effective use, TIGER MICRONUTRIENTS® fertilizers should be surface broadcast and incorporated at least one year prior to planting.

CAUTION: This product contains Boron and Zinc and should be used only as recommended. It may prove harmful when misused. Always consult a professional agronomist for advice on use.

TO BE USED IN BLENDING FERTILIZER FOR SOIL APPLICATION

DANGER
May form combustible dust concentrations in air. May cause cancer. Causes skin and eye irritation. May be harmful if swallowed, in contact with skin, or if inhaled.

Wear protective gloves/protective clothing/eye protection/face protection.

Wash face, hands and any exposed skin thoroughly after handling.

IF ON SKIN: Wash with plenty of soap and water. Call a POISON CENTER or doctor/physician if you feel unwell. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. Dispose of contents/container to an approved waste disposal plant.

First Aid:

EYE CONTACT: Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention if irritation occurs.

SKIN CONTACT: Wash off immediately with soap and water for at least 15 minutes while removing all contaminated clothing and shoes. Seek immediate medical attention/advice.

INHALATION: Move to fresh air. Get medical attention if symptoms occur.

INGESTION: Do NOT induce vomiting. Drink plenty of water. Consult a physician. Never give anything by mouth to an unconscious person.

Fire:

Water spray or fog is preferred; if water is not available use dry chemical, CO2 or regular foam. Small fires may be smothered with sand. Do not scatter spilled material with high pressure water streams.
