Derived from Elemental Sulphur and Manganous Oxide.

RECOMMENDATIONS: For effective use, TIGER MICRONUTRIENTS® fertilizers should be surface broadcast and incorporated at least one year prior to planting.
CAUTION: This product contains Manganese and should be used only as recommended. It may prove harmful when misused. Always consult a professional agronomist for advice on use.

TO BE USED IN BLENDING FERTILIZER FOR SOIL APPLICATION

DANGER

Harmful in contact with skin. Causes skin irritation. May cause allergy or asthma symptoms or breathing difficulties if inhaled. May cause an allergic skin reaction. Suspected of causing cancer. May form combustible dust concentrations in air.

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal and protective equipment as required. Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves. Avoid breathing dust/fume/gas/mist/vapors/spray. In case of inadequate ventilation wear respiratory protection. Contaminated work clothing should not be allowed out of the workplace.

IF ON SKIN: Wash with plenty of soap and water. Call a POISON CENTER or doctor/physician if you feel unwell. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

IF INHALED: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing.

If experiencing respiratory symptoms: Call a POISON CENTER or doctor/physician. Store locked up. Dispose of contents/container to an approved waste disposal plant.

FIRST AID:

EYE CONTACT: Rinse thoroughly with water as necessary. Get medical attention if symptoms occur.

SKIN CONTACT: Wash off immediately with soap and plenty of water for at least 15 minutes while removing all contaminated clothing and shoes. Seek immediate medical attention/advice.

INHALATION: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. Seek immediate medical attention/advice.

INGESTION: Do NOT induce vomiting. Drink plenty of water. Never give anything by mouth to an unconscious person. Consult a physician.

FIRE:

Water spray or fog is preferred; if water is not available use dry chemical, CO₂ or regular foam. Small fires may be smothered with sand. Do not scatter spilled material with high pressure water streams.
